

# Let's help people get gas and electricity bills under control

**citizens  
advice**

Reading

Free advice and information sessions for frontline workers and community groups.

# Free group sessions

- How to save money by switching supplier
- How to avoid wasting energy and money
- How to make sure you are getting the right discounts and support
- How to make the best of a prepayment meter
- Smart meters—what you need to know
- How to check if you are eligible for grants to help with costs of insulation
- What to do if you owe money to your supplier

We offer free group sessions to frontline workers and community groups. We come to you and bring comprehensive packs of information, with a few freebies thrown in.

We also offer free one to one appointments at Citizens Advice Reading with a specialist energy adviser.

To book a session please email [\*\*energy.team@citizensadvicereading.org\*\*](mailto:energy.team@citizensadvicereading.org)

or phone us on
