

Are you living in cold and draughty conditions?

Are you struggling to pay for gas and electricity?

Transition Town Reading is a community group who want to help you with the draught proofing of your home. You may be eligible to get all the materials and work for free. If not, we ask you to contribute to the cost of materials. The work is done by experienced volunteers and takes up to a couple of hours.

It is easy to carry out draught proofing! If you would like to help with this project you are very welcome to join us. You will learn how to draught proof and can go on to help your friends and neighbours make their homes cosier.

If you know anyone who needs help please let them know about us.

How to get in touch

Go to www.draughtbusters.net and use the contact form or call Reading Borough Council Winter Watch on

0118 937 2469
